**Subject:** **[INAAPT] Lab Supervisor and Part-Time Instructor in Physics**

We are seeking a person to become our Lab Supervisor and Part-Time Instructor in Physics. The primary job responsibilities are:

- Setting up introductory and upper-level physics laboratories;
- Preparing lecture demonstrations;
- Managing and maintaining laboratory equipment;
- Operating the department machine shop;
- Assisting the faculty members with the development and maintenance of research laboratory facilities;
- Simple repairs of electronic equipment;
- Assist with maintenance and operation of equipment at McKim Observatory
- Teaching introductory lab sections when student demand exceeds full-time faculty availability.

Applications are made online through this link:
